CASE MANAGEMENT

Denali Family Services' case managers:

- **Advocate:** We take the time to listen and to get to know our clients so that we can be your advocates.
- **Evaluate:** We make sure that the services are family and client driven.
- **Develop:** We help develop an individualized service plan for accessing and using resources that can meet client needs.
- **Identify resources:** We assist our clients in connecting with community services and supports identified in their service plan.
- **Provide skill development:** We provide family, individual and group skill development to help children and their families learn positive coping skills.
- **Monitor progress:** We monitor client progress as it relates to the service plan in the home, school, and the community.
- **Identify and remove barriers:** We build on our clients' strengths and help remove barriers that keep clients from succeeding.
- **Ensure client rights are protected:** We ensure that our clients are informed of their rights and responsibilities.
- **Attempt to remove financial barriers to service:** We ensure that clients have payment options that will work, including helping with the Medicaid application process.
- **Provide 24-hour on-call service:** We provide 24/7 crisis Intervention services which include after-hours and weekend assistance. We are always just a "phone call away!"

Case Management Goal:

The goal of case management is to help children and their families gain access to needed community services and supports.
